4. Reusable Materials	a. Green waste 0 - 150kg	i. Minimum fee - Green waste minimum fee. Refer to notes in Appendix A	14.95	Per transaction.	LGA s262(3)(c)	C	GST
4. Reusable Materials	b. Green waste >150kg	i. Uncontaminated green waste - Contaminated green waste will be charged at the applicable general waste rate. Refer to notes in Appendix A	99.65	Per tonne.	LGA s262(3)(c)	C	GST
4. Reusable Materials	c. Uncontaminated loads of bitumen or asphalt. 0 - 400kg		25.90	Per transaction.	LGA s262(3)(c)	C	GST
4. Reusable Materials	d. Uncontaminated loads of bitumen or asphalt. >400kg	i. Refer to notes in Appendix A	64.85	Per tonne.	LGA s262(3)(c)	C	GST
4. Reusable Materials	e. Uncontaminated loads of concrete. 0 - 400kg	i. Minimum fee - aggregate waste minimum fee up to limit	25.90	Per transaction.	LGA s262(3)(c)	C	GST
4. Reusable Materials	f. Uncontaminated loads of concrete. >400kg	i. Refer to notes in Appendix A	64.85	Per tonne.	LGA s262(3)(c)	C	GST
4. Reusable Materials	g. Uncontaminated loads of scrap metal	i. Refer to notes in Appendix A	No charge	Per transaction.	LGA s262(3)(c)	C	GST
5. Cover Material	a. Clean earth 0 - 400kg	i. Clean earth - earth that is not contaminated with waste or otherwise contaminated with a hazardous contaminant. Accepted for use as lining, capping or cover. See notes in Appendix A	59.40	Per transaction.	LGA s262(3)(c)	C	GST
5. Cover Material	b. Clean earth >400kg	i. Clean earth - earth that is not contaminated with waste or otherwise contaminated with a hazardous contaminant. Accepted for use as lining, capping or cover. See notes in Appendix A	148.50	Per tonne by arrangement.	LGA s262(3)(c)	C	GST
5. Cover Material	d. Suitable cover material >400kg	i. Material incorporated in landfill as lining, capping, or cover; and comprising mixed soil and inert materials. Contaminated materials will be treated as general waste. Refer Appendix A	289.00	Per tonne.	LGA s262(3)(c)	C	GST
5. Cover Material	f. PFAS Contaminated Soil from Commercial Sources	i. Suitable for use as cover material. Refer to notes in Appendix A	453.20	Per tonne. Depending on operational requirements.	LGA s262(3)(c)	C	GST
5. Cover Material	h. PFAS Contaminated Soil from Toowoomba Regional Council internal sources	i. Suitable for use as cover material. Refer to notes in Appendix A	268.60	Per tonne. Depending on operational requirements.	LGA s262(3)(c)	C	GST
6. Regulated Waste (as Permitted by Landfill Approval Conditions/DNRME Licence)	a. Regulated waste 0 - 400kg	ii. Category 1 - Refer to notes in Appendix A	181.30	Per transaction.	LGA s262(3)(c)	C	GST
6. Regulated Waste (as Permitted by Landfill Approval Conditions/DNRME Licence)	b. Regulated waste >400kg	ii. Category 1 - Refer to notes in Appendix A	453.20	Per tonne.	LGA s262(3)(c)	C	GST
6. Regulated Waste (as Permitted by Landfill Approval Conditions/DNRME Licence)	c. Regulated waste 0 - 400kg	i. Category 2 - Refer to notes in Appendix A	140.90	Per transaction.	LGA s262(3)(c)	C	GST
6. Regulated Waste (as Permitted by Landfill Approval Conditions/DNRME Licence)	d. Regulated waste >400kg	i. Category 2 - Refer to notes in Appendix A	352.40	Per tonne.	LGA s262(3)(c)	C	GST
7. Asbestos	a. Asbestos waste not accepted from commercial sources	i. All types and sources - must be double wrapped and sealed. Refer to notes in Appendix A	No charge	Not accepted commercial sources, no charge.	LGA s262(3)(c)	C	GST
7. Asbestos	b. Asbestos waste administration fee for incorrectly presented waste - call out fee	i. Any material not wrapped correctly will incur a handling and administration fee to remedy the material	525.90	Per transaction in addition to hourly rates in 7.c.	LGA s262(3)(c)	C	GST

			FEE (INCL. GST)	BASIS AND DURATION	HEAD OF POWER	COST RECOVERY FEE (CR) COMMERCIAL FEE (C)	GST
7. Asbestos	c. Asbestos waste administration fee for incorrectly presented waste - hourly clean up charges	i. Any material not wrapped correctly will incur a handling and administration fee to remedy the material	43.80	Per person-hour in addition to transaction charge in 7.b.	LGA s262(3)(c)	C	GST
7. Asbestos	d. Asbestos waste from Toowoomba Regional Council internal sources	i. Refer to notes in Appendix A	574.60	Per tonne.	LGA s262(3)(c)	C	GST
8. Dead Animals	a. Dead animals	i. Less than 50 Kg - Refer to notes in Appendix A	13.50	Each.	LGA s262(3)(c)	C	GST
8. Dead Animals	a. Dead animals	ii. 50 to 200 Kg - Refer to notes in Appendix A	57.10	Each.	LGA s262(3)(c)	C	GST
8. Dead Animals	a. Dead animals	iii. 200 to 1000 Kg - Refer to notes in Appendix A	218.10	Each.	LGA s262(3)(c)	C	GST
8. Dead Animals	a. Dead animals	iv. Greater than 1000 Kg - Refer to notes in Appendix A	364.00	Each.	LGA s262(3)(c)	C	GST
8. Dead Animals	a. Dead animals	v. Weighed animals - Refer to notes in Appendix A	364.00	Per tonne.	LGA s262(3)(c)	C	GST
9. Special Burials	a. Special burials other than regulated waste 0 - 400kg	i. Refer to notes in Appendix A	143.00	Per transaction.	LGA s262(3)(c)	C	GST
9. Special Burials	b. Special burials other than regulated waste >400kg	i. Refer to notes in Appendix A	364.00	Per tonne.	LGA s262(3)(c)	C	GST

MISCELLANEOUS MATTERS THAT MAY APPLY TO DEVELOPMENT APPLICATIONS

1. Applications including multiple land uses

Where an application involves more than one type of land use (i.e. Multiple dwelling and Office and Shop) then the fee is to be based on the highest land use fee, plus 50% of the fee for each additional land use proposed.

2. Combined applications (more than one type of development)

Where an application is 'combined' to include more than one type of development (i.e. Material Change of Use and Reconfiguring a Lot/Easement etc), the fee will be the full fee for each separate type of development.

3. Re-Use of Existing Building/s (Material Change of Use)

With the exception of short-term accommodation (in a single dwelling), where an application reuses existing building/s, a discount of 40% of the application fee may be applied to that aspect of the Material Change of Use application. Where there are additional aspects of development not within an existing building, the standard development application fees apply.

4. Additional fees where external consultants are required (i.e. legal / technical expertise / specialists)

Where external specialist consultants (excluding town planning consultants) are required by Council in consideration of any application, submission or request (for technical expertise, assessment and/or advice), the consultant's fees shall be paid by the Applicant. The fees must be paid prior to Council issuing its final determination on the matter.

5. Refunds and Rebates of Fees:

a) If an application or request is withdrawn, a refund of the application fees is applicable as follows:

- 95% - where withdrawn when 'not properly made'.
- 75% - where withdrawn before a confirmation notice is issued
- 50% - where withdrawn during the information request / referral stage
- 25% - where withdrawn during or following public notification
- 0% - once an application reaches the decision stage, there is no refund of application fees

Note: No refunds under $100.00 will be issued except in the case of Council error.

b) Lapsed Applications – if an application lapses under s.31 of the Development Assessment Rules, there is no refund.

c) Other applications or requests – Price on Application. The relevant Branch Manager shall determine the amount of the refund, considering the administration and assessment time and the scale and impacts of the proposal.

d) FastTrack development applications – a rebate of 15% may be payable following issue of the Decision Notice. However, if the application becomes ineligible for FastTrack during the assessment, there is no rebate. Note: the rebate only applies to eligible FastTrack MCU / RaL / Planning Scheme Works / OPW (signage) applications. Applications for Fast Track Plumbing and Drainage are not eligible.

e) Generally In Accordance (GIA) Applications - where the nominated GIA fee exceeds the value of the original application, the GIA fee may be reduced to the value of the original application fee.

6. Request to apply a Superseded Planning Scheme:

This fee is for Council to determine if it will apply a Superseded Planning Scheme, and it applies in addition to the applicable application fees to carry out the particular development.

7. Price On Application (POA) or unidentified fees

Where an application or request is not specifically itemised in the fees and charges schedule, or is noted as 'POA', the relevant Branch Manager shall determine the fee, taking into consideration similar itemised fees (where applicable), the likely assessment time and the intensity, scale and impacts of the proposal.

Note: Application Applications seeking a Variation Approval which involves any of the below may be subject to increased fees due to the additional complexity for administering and assessment of a proposal:

- Subject land is outside the Priority Infrastructure Area
- Proposal is not compliant with the minimum lot size and dimension requirements of an applicable zone and precinct
- Proposes variations to the Categories of Development and Assessment as it relates to an applicable zone and use proposed
- Proposes variations to the assessment benchmarks (including acceptable outcomes) for assessable development and requirements for accepted development as it relates to an applicable zone and use proposed

8. Resubmission of lapsed applications or approvals

Where a development application, or the currency period has lapsed under s.85 of the *Planning Act 2016* and/or s.31 of the Development Assessment Rules, the applicable fee will be 75% of the current fee where:

a) the development application is resubmitted within six months of the application / approval lapsing; and
b) the proposal is generally in accordance with the former proposal / approved plans and conditions; and
c) there have been no changes to the Planning Scheme provisions, and/or the Planning Scheme has not been superseded.

Note**:** Council will not apply this reduced fee for the re-submission of a lapsed application / approval more than once.

9. Re-submission of a Landscape Plan for compliance / endorsement approval

Where a Landscape Plan is re-submitted for assessment within 12 months of the original approval, the applicable fee will be 75% of the current application fee where:

a) All changes are clearly identified on the plans, using standard drafting techniques such as 'revision clouds'; and
b) The proposal is generally in accordance with the former approved plans and conditions; and
c) There have been no changes to the Planning Scheme provisions, and / or the Planning Scheme has not been superseded.

Note**:** Council will not apply this reduced fee for the resubmission of a Landscape Plan for compliance / endorsement more than once.

10. Requests for waiver / variation of development application fees

The relevant Branch Manager and Principals (Principals limited to a reduction of less than $10,000) have delegated authority to determine a request to partially waive a development application fee, where a strict application of the schedule of fees and charges does not reasonably reflect the cost of assessing the development application or request. Requests for fee reduction are to be made in writing prior to the lodgement of the application.

11. Overlay Fee (Neighbourhood character overlay area, or where the site contains a Heritage Place)

Where not involving modifications, changes or otherwise impacting elements of a premises subject to the Neighbourhood character overlay or a Heritage Place, the delegate may waive the additional Overlay fee where the base development application fee is considered sufficient for cost-recovery.

12. Toowoomba Railway Parkland Priority Development Area (PDA)

Applications over land within the PDA shall be lodged with Toowoomba Regional Council as Assessment Manager. The fees and charges schedule applies to the PDA, noting that any references to the *Planning Act 2016* should be replaced by the relevant section of the *Economic Development Act 2012*.

13. Discounting or Waiver of Development Application Fees - Bona Fide Charitable or Not-for-Profit Organisations

A Bona Fide Charitable or Community Organisation as described below will be entitled to a 100% discount (maximum cap $20,000.00 per development) on the applicable fee (for planning, siting discretions, operational works and plumbing and drainage applications only). Supporting documentation confirming the status as an eligible Bona Fide Charitable or not-for-profit organisation must be supplied with the application to receive the discount at lodgement. A Bona Fide Charitable or Community Organisation is an applicant:

(a) Endorsed as a charity by the Australian Charities and Not-for-profits Commission (ACNC); or
(b) An incorporated association under the Associations Incorporation Act 1981 which is not a club licensed under the Liquor Act 1992; or
(c) An incorporated association under the Associations Incorporation Act 1981 which is a club licensed under the Liquor Act 1992, if the applicant:
    (i) Does not have an existing management agreement with another licensed club; and
    (ii) Has no more than 20 gaming machines licensed in accordance with the Gaming Machines Act 1991; and
    (iii) The Applicant is the owner of the premises the subject of the development application.

Applications where the use or development has already been commenced or carried out unlawfully and the purpose of the application is to render that use or development lawful is disqualified from any discounting or waiver of application fees.

Water and Waste Services	Waste Services	General Notes	Facility Service Levels	1. Under the Waste Infrastructure Plan 2020 there are five (5) Waste Management Facility (WMF) tiers. Each tier sets the service level standard and whether staffed or unstaffed: **Tier 1** Greater Toowoomba (GTWMF) **Tier 2** Kleinton, Greenmount **Tier 3** Oakey, Pittsworth, Crows Nest **Tier 4** Clifton, Goombungee, Jondaryan, Millmerran, Yarraman **Tier 5** Cecil Plains, Cooyar, Emu Creek, Evergreen, Ravensbourne **(Non-Tier)** Toowoomba Waste Management Centre (TWMC) – Hermitage Road, Cranley (Formerly referred to as Bedford Street Landfill). This site does not adhere to the tier structure. Site access is restricted to bulk waste landfilling activity and in the interests of safety is not open to domestic users. 2. More detail is available from Council's Waste Infrastructure Plan. Tiers 1 to 4 and the TWMC are supervised (Staffed) Waste Management Facilities. 3. Tier 5 are unsupervised Waste Management Facilities. 4. Tier 5 WMF sites will be restricted to access by residents within the designated catchment area of the Waste Management Facility. Designated Catchment Areas mapping can be viewed on Toowoomba Regional Council website (http://www.tr.qld.gov.au/). 5. Acceptance of waste at Tier 5 waste management facilities is limited to domestic waste of less than 400 kg per load that is self-hauled to the facility by the householder generating the waste. This excludes commercial and rural operations waste except by arrangement with Council.

Group	Branch	Fee	Fee Item	Notes
Water and Waste Services	Waste Services	General Notes	Acceptance	1. Disposal of waste categories not explicitly listed in the Waste Services Fees and Charges Register, is at the discretion of the General Manager Water and Waste Services. Where a demonstrated benefit can be found to accrue to Council's operations in line with Council's licence conditions, a price and approval regime can be negotiated on the basis of full cost recovery. 2. Acceptance of waste materials in significant quantities from individual commercial customers is at the discretion of the Manager Waste Services. 3. No dangerous or hazardous waste shall be disposed of at the landfill, except those items permitted under Council's Environmental Authority. 4. No asbestos from domestic sources from outside the TRC Area is accepted at any waste facility. 5. No dangerous or hazardous waste shall be deposited at any Tier 5 WMF.
Water and Waste Services	Waste Services	General Notes	Charging	1. The waste management facility supervisor or weighbridge / gatehouse operator is authorised to determine charges in accordance with the schedule and is required to obtain information with regard to the source and type of waste to be deposited. 2. Disputes or requests for refunds shall be referred, in writing, to the Manager Waste Services. 3. Waste disposal charges for waste including domestic waste and green waste that is generated outside of the Toowoomba Regional Council Area will attract an additional charge equivalent to 100% of the applicable commercial waste type charge listed above. 4. Gate fees apply to any waste generated from a commercial premise and taken to a Council waste facility for disposal. Information such as the historic use of the facility by the customer, along with the type and size of vehicle and the type

Group	Branch	Fee	Fee Item	Notes
				and volume of waste can be used in determining whether a commercial fee is required. 5. Charges will apply to domestic waste of more than 400 kg, and specific items as outlined in the schedule. All other waste shall be charged in accordance with the Schedule. 6. Council determines the weight of loads for charging purposes by weighing vehicles, before and after tipping, where a weighbridge is installed and/or by using average weights that are based on Vehicle Type, Waste Stream and GVM/GCM of the vehicle / vehicle combination where a weighbridge is not installed or where a weighbridge is temporarily inactive. The average weights used at non-weighbridge sites are shown at Appendix C and are derived from State Government deeming rates. 7. The average weights or methodology used to determine load weights at non-weighbridge sites may be subject to review / change by Council. Customers will be given a minimum of one (1) months' notice of any changes. 8. Waste deposited at a Tier 5 WMF with electronic access will be charged in accordance with the Fees and Charges from records of electronic access (PIN) and vehicle registration as nominated in application form. 9. The Waste Management Facility Access Fee will apply to "Absentee Owners" and "Additional Dwelling". 10. Absentee Owner, see Definitions, pays the charge in accordance with the schedule which allows nil gate fees for domestic waste for a 12-month period. 11. Additional Dwellings Under the rating policy, a number of parcels which may have separate dwelling units on them can be amalgamated onto the one assessment. The Waste Management Facility Charge (WMFC) will apply for the assessment.

Group	Branch	Fee	Fee Item	Notes
				A person, who resides in any additional dwelling unit on that assessment, and requires access to a Tier 5 waste facility, will be charged an access fee in accordance with the Fees and Charges. This allows nil gate fees for domestic waste for a 12-month period. 12. Manager Waste Services may negotiate bulk fee discounts with prior approval of the General Manager, Water and Waste Services where an approved FCP model is in place.
Water and Waste Services	Waste Services	General Waste	General Waste	1. Residual Waste: Waste for Landfill delivered to Waste Transfer Stations, Landfill Facilities and Bulk Bins. Any material that is mixed in with Residual Waste and cannot be easily segregated is also classified as Residual Waste as it must also be landfilled. 2. Any load with segregated recyclable or reusable material and Residual Waste. 3. Segregation of General Waste into its recyclable components and Residual Waste attracts a discount to the standard Residual Waste rate.
Water and Waste Services	Waste Services	Green Waste	Green Waste	1. The fees for green waste disposal apply to loads of uncontaminated green waste that is suitable for processing by Council or its contractors. Contaminated loads will be charged at the General Waste rates. 2. Contaminated loads of green waste must be deposited into the landfill cell or transfer station bin or as directed by the facility operator. 3. Commercial operators attract a minimum fee for green waste disposal. This is not in addition to per tonne charges, and where the per tonne rate exceeds the minimum fee then only the per tonne rate applies.
Water and Waste Services	Waste Services	Tyres	Tyres	1. Tyres is not accepted at unsupervised Tier 5 WMF sites. 2. Tyres will only be accepted if they are 260mm width or less. 3. Maximum 4 tyres per visit.

Group	Branch	Fee	Fee Item	Notes
				4. Customers unlawfully disposing of tyres will be liable for any clean up, transport and disposal costs incurred by Council, in addition to any statutory penalties.

Group	Branch	Fee	Fee Item	Notes
				iii. a combination of earth with any of the above crushed materials in it. 3. Suitable Cover Material is generally not accepted at Council transfer stations or bin stations. 4. Material classified as Suitable Cover Material is not levy exempt therefore a charge for cost recovery applies. 5. Council's Environmental Authority (EA) places conditions on the maximum contaminant and leachable contaminant levels of soil permitted to be disposed at each landfill site. Contaminated soils that present potential public or occupational health or environmental hazard or a public nuisance (e.g., dusty, odorous contaminated soil), must be deep buried. A special burial charge will be applied. Soils that do not meet the EA acceptance criteria are NOT accepted at any facility. 6. Acceptance of cover material at waste facilities is subject to: ▪ prior approval by Council for bulk loads (>5m³), customers must provide evidence that the fill meets the EA conditions, or ▪ visual inspection by a gatehouse attendant for small loads (<5m³). 7. Materials that do not meet the above criteria will be charged at the applicable General Waste rates. 8. Subject to the scale and operational requirements for cover material, Waste Services at its absolute discretion may negotiate to determine a fee for the acceptance of cover material.

Asbestos from commercial sources is not currently accepted. 3. Asbestos is accepted at GTWMF from domestic sources only and in amounts of less than 175 Kg. 4. Asbestos from domestic sources may be accepted in small quantities at the Millmerran, Pittsworth, and Goombungee waste management facilities subject to prior Council approval. Call Waste Services on 131 872 prior to attending a waste facility. 5. Asbestos must be double wrapped and sealed and remain sealed after unloading at the facility. The customer must adopt methods of unloading or the use of equipment which avoids the material being 'dumped' and thereby rupturing the wrapping. Suitable handling methods to avoid wrapping rupture may include: a. Wrap in loads small enough for easy manual handling. b. Use of mechanical equipment such as Hiab cranes or ute mounted crane winches. 6. It is the customer's responsibility to repair and reseal the asbestos packaging immediately, should the wrapping rupture during unloading. 7. Council will pass on any additional costs incurred to deal with asbestos that has been inappropriately disposed of at a waste facility by a customer. For quantities under 10m^2 this may include a Call Out Fee per occasion and/or hourly Clean Up Charges. For quantities greater than 10m^2, Council may, in addition to the Call Out and Clean Up Charges, recover any additional costs it incurred in cleaning up, transporting, and disposing of the asbestos. In addition, Council may have an obligation to report the customer to the appropriate agencies.

Environment and Community Services	Parks and Recreation Services	Parks – Use of Park		Parks are within Council's open space network and are public lands, owned or managed by Council. These lands generally are used and managed for the purposes of recreation, sport, conservation, utility services and cultural heritage, and are captured in the open space layer on Council's mapping system. The parks' classification/typology assists in determining the suitability of uses for parks.

Group	Branch	Fee	Fee Item	Notes
Environment and Community Services	Parks and Recreation Services	Parks – Use of Park	Commercial/Subsidies Commercial/Non-Commercial	1. Users are subject to Park Use guidelines and conditions and Council Local Laws. 2. The use of parks can be complemented by commercial use and activities, where these activities contribute to the broader open space and community values. 3. The applicant and their status as a Commercial, Subsidised Commercial or Non-Commercial entity is the determining criteria to the fee applied. Note bond is applicable to all entities and is applied based on assessment of the activity. 4. Commercial entities are defined as those who expect to generate income from their venture and whose net profits are dispersed to individual members or to any other organisation, which in turn distributes these funds to individual members. Included in this definition are private individuals, businesses, private schools, and private venue functions such as weddings and groups that are not a registered charity or Not-for-Profit group. 5. Subsidised Commercial entities are defined as a user whose primary function is to generate a commercial profit by fundraising for a community benefit. For a Commercial entity to be considered Subsidised evidence must accompany their application. 6. Non-Commercial entities are defined as Not-for-Profit groups currently registered under the *Associations Incorporation Act 1981* and/or the *Associations Incorporation Regulation 1999* or must be a charitable organisation currently registered with the Australian Charities Not-for-Profit Commission under the *Australian Charities Act* and *Not-for-Profit Commission Act 2012*. Non-Commercial refers to an organisation, club or group who wish to conduct an activity in the region to provide a benefit for the community. Any/all profits generated from the activity are used to support the club, organisation presenting the activity, or local charities.
